

MANAGER SAYS TEAM PROSPECTS ARE PROMISING

Material Is Here For Aggregation To Equal That Of Last Year.

GAMES ARE NOW BEING ARRANGED

Council Grants Use Of Park To Wainwright's Players

That the possibilities exist in Wainwright for a well balanced ball team and that the prospects are here also for an all round team to equal that which graced the local diamond last year, was the statement made today by Manager Jack Kline who is enthusiastic over the prospects offered for the present season.

He believes there is all kinds of material here for at least one good team and expresses the opinion that a second aggregation of good quality can also be raised. A practice game was held on Monday evening last at which about twenty players were in attendance.

Arrangements are now being made to hold a game in Wainwright with Galt Edge on May 30 and to send one team to the sports at Irma on the 24th. These will be definitely decided upon by the committee which plans to conduct a meeting at an early date.

At Tuesday evening's meeting of the town council, permission was granted to the local ball club to use the park reserve situated a little east of the Park Hotel. It is expected that this will be placed in order for use as a practice ground.

LOCAL MEMBER IS GIVEN LIEUTENANCY

A lieutenant in the 49th Battalion of the Canadian Expeditionary force now being raised and stationed in Edmonton, is the rank attained by George L. Hudson, M.P.F., member for the constituency of Wainwright. This announcement was received by the STAR on Tuesday with the information that Mr. Hudson has now taken up his duties.

M. Elder, of Montreal, is visiting his brother O. J. Elder of Wainwright.

CLEAN UP DAY WAS BUSY ONE FOR TOWNSPEOPLE

Teams Employed Kept Busy Removing Refuse

Wainwright residents were busy people on Monday morning, the day of observing "clean-up" day and until noon, back yard activity was observed on every side. The rake and hoe that had lain "behind the clock" in a morbid condition all winter were again brought into being to answer their purpose of existence, while fires set to the great piles of rubbish brought to a climax the work of Mr. Hoe and Rake. Extra teams were employed by the town and these were kept busily engaged removing the accumulation of the winter's dirt and filth.

Neville Jones, Earl Thurston and Pete Livingstone, were visitors to Wainwright during the week-end.

SCARLET FEVER PREVALENT

Several cases of scarlet fever are prevalent in Wainwright and it is understood that the homes of J. Ward, Dispatcher White are now quarantined. Miss Hazel Ward has been suffering with the malady for several days but is now reported to be making a recovery. Mr. White's child is also said to be on the way toward convalescence.

SUNDAY IS MOTHER'S DAY

Rev. Thomas Murphy, B.A., the new pastor of the Presbyterian church, will conduct both services Sunday, May 9th. The day being observed as "Mother's Day" throughout the continent, the evening sermon will be devoted to that topic. Mr. Murphy will take as his subject: "The Uncrowned Queen of the World."

GIVES ADDITIONAL SERVICE

The announcement was made in Edmonton on Monday morning that the Grand Trunk Pacific, in order to handle the increasing tourist traffic between Edmonton and the coast would run another train to Prince Rupert, beginning the service on June 1st. This information was made public by W. P. Hinton, assistant passenger traffic manager.

STANLEY JOHNSTON SUFFERS NASTY INJURY TO HAND

Accident Occurred While Star Inserts Were Being Printed

While the inserts of the STAR were being run off yesterday afternoon, Stanley Johnston, a member of the STAR staff, had the misfortune to have his right hand caught in the press. It was thought the accident had resulted in several broken fingers, but fortunately it was found by Dr. Little that severe bruises were the extent of the injury. Stanley is now receiving medical treatment and the hand is making satisfactory progress.

FORESTERS INITIATE MEMBERS

Court Wainwright No. 1230, Canadian Order of Foresters, held its regular meeting in the K.P. hall on Wednesday evening last when a large class was initiated by Bro. G. H. Jewell, district organizer, of Edmonton. Following the usual order of business, those present indulged in songs and speeches and with this part of the program concluded a dainty luncheon was served. The next regular meeting will be held on Wednesday evening, May 27th, when all members are requested to be in attendance. Visiting members are invited.

CITIZENS WRITE LETTER TO EDITOR

Dear Sir,
On behalf of the Citizens' Association, I am instructed to reply to Councillor Snyder's query: "What does the Wainwright Citizens' Association represent?" The answer is easy and need not be lengthy. The Citizens' Association represents the citizens of Wainwright, the membership which is rapidly increasing, comprises some fifty per cent of the resident vote in Wainwright. An invitation is extended to every citizen to attend its monthly meetings and become members. We would also welcome the attendance of the Mayor and Councillors if they so desire. It is their privilege to become members of the Association.
Thanking you Mr. Editor for the insertion of this
I am yours sincerely,
J. A. Little, Secy.

DISCUSSION ON MILL QUESTION WAS ANIMATED

Business Men And Miller Gave Their Reasons For Present State of Affairs

COMMITTEE IS NAMED BY LOCAL ASSOCIATION

Endeavor Will Be Made To Bring About Amicable Understanding

To whom the blame may be attached for the closing of Wainwright's mill or rather for the lack of local patronage to the mill, could not be determined at the meeting of the Wainwright Citizens' Association held in the council chamber on Friday evening last at which Manager Mohr and local merchants figured among the speakers. This much, however, was learned by the audience of some fifty persons, that conditions of affairs had reached a low water mark and that something was radically wrong somewhere.

It was thought that the meeting would prove conducive to the provision of knowledge that would tell the cause for the present conditions. But it did not, for as soon as a statement was made by Mr. Mohr in this regard, it was strongly contradicted by the business men. Then, when the business men gave their statements and their reasons for lack of patronage to the local mill, they in turn, were immediately contradicted by Mr. Mohr.

The outcome of the meeting was the appointment of a committee of three members of the Citizens' Association in the persons of Dr. Little and Messrs. Ross and Bowerman who will act with three members of the Board of Trade yet to be named by the organization, to ascertain exactly where the fault lies and to endeavor to bring the local dealers and the mill management to some understanding whereby amicable dealings may be carried on and the mill again placed into operation.

The meeting was an animated one and at times the discussions became so heated with that flame caused by loss of temper, that personalities were indulged in, while, at one stage of the proceedings, Messrs. Baynton and Mohr made some statements regarding each other that were far from being in accordance with the procedure required at an orderly and business like meeting.

In brief, Mr. Mohr laid the present conditions as a result of the business men expecting too much of him and their lack in paying him within thirty days for their purchases. "They have not paid me and consequently I have not had the money with which to buy my wheat" he said. To crystallize the remarks of the business men in attendance, these being Messrs. Armstrong, Tanguay, Lally and Connors, the miller had not treated them fair in a business way; had made promises which he had not kept; had made the Baudry Company the sole agents for the products of the mill without notification to the other dealers; and to finish with, had opened the mill products to the people so that they could be purchased by any person at the same rate at which the merchant was called to pay.

Mr. Lally, after producing written evidence in correspondence to show where Mr. Mohr had failed to keep his business promises, said that the whole trouble was that Mr. Mohr was

SOLDIERS REGARDED CAUSE OF KING AND EMPIRE AS WORTHY OF THEIR SUPREME SACRIFICE

Rev. H. Assiter, in his sermon at the Anglican church on Sunday evening last, made reference to the recent news from the war zone which has brought home to many people the terrible suffering in Europe. He said: "The publication of long lists of casualties week after week may have made us here grow somewhat callous to the sufferings which these records indicate so clearly and eloquently. But the announcement that amongst those who have fallen are from our own stores and offices and homesteads, brings the horrors of war to our very doors. In scores of Canadian homes tonight, mothers will sit remembering the sons who fed at their breasts and slept in their arms, who have gone down to death in the din and roar of battle. What does it all mean? A few months ago the summons came. They heard the call, they promptly responded and joined their brothers of the Empire in the great struggle of right against might, of freedom against oppression, of truth against perfdy. Their patriotism and loyalty have been abundantly demonstrated. They regarded the cause of their King and Empire as worthy of their supreme sacrifice. Nobly they did their part and well, for they laid down their lives in company with their comrades of England, France and Belgium, thus helping to lay the foundation of a new civilization and a better fellowship amongst the nations."

LAND SUFFERED BUT LITTLE AS RESULT OF HEAVY WINDS

Few Instances Where Seed Was Blown From Ground

While various reports are received telling that damage was caused to the crops on lighter lands as a result of the high winds experienced here on Thursday and Friday of last week, the gale, taking the Wainwright district as a whole, did not result in serious consequences. In some places seed was blown from the ground but the number of instances are very few.

Reports from points situated north, south, east and west of the province, all tell of the experience of heavy winds on Thursday and Friday last, so that the gale was general throughout Alberta. In Wainwright the wind caused considerable damage to buildings, in several cases taking off the corrugated sheets from roofs and razing chimneys. A glass window or so was blown out, the upper story of C. T. Lally's building suffering in this regard.

PRESBYTERIANS TO HONOR NEW MINISTER METHODISTS SECURE GOOD SPEAKER

Rev. Thomas Murphy and his bride are expected to arrive in Wainwright on Thursday to take up residence here. On Thursday evening of next week the congregation of the Presbyterian church will conduct a social evening at which the young couple will be the honored guests of the evening. Rev. Thomas Murphy, as pastor of the St. Andrew's Presbyterian church, will preach at both services on Sunday.

The Red Cross Pharmacy is again giving all theatre goers a chance to win a free ticket to their Ice Cream Parlor. The person holding lucky ticket at the "Master Key" next Tuesday night will receive a pass for two persons for each day of the week. Keep your Theatre tickets.

a miller and not a business man and therefore could not deal with business men. "He has not been in business" said Mr. Lally, "and does not know what it is to be against the various propositions we are forced to face in a new country."

TWO LOCAL MEN BELIEVED TO BE IN SPECIAL DRAFT

Official List Gives Names Of R. Hunter and J. T. Peterson

Although no definite information has been received to the effect locally, it is believed that two of the Wainwright men who enlisted in the 49th and 51st battalions have been chosen in the special draft of men named for service in France. Two names are mentioned in the list given out officially. These are of Private R. Hunter and Private J. T. Peterson. If these are of Wainwright men, the former would be R. Hunter, barister and former town solicitor and the latter J. T. Peterson, who, previous to enlistment, was employed in Wainwright by Mr. Dowling.

It has since been announced that Corporal Allan Harper of Wainwright, is also on the active service list.

Cecil Ward returned to Wainwright today after spending several months at the Normal School, Calgary.

It is learned that H. Bosomworth of Edmonton, will be the temporary pastor of the Grace Methodist church in Wainwright until after the conference which is to be held in Edmonton in about 2 months time. Mr. Bosomworth, who is a student, has already acquired a reputation as a good orator. Services will be held as usual in the Methodist church on Sunday.

Everything in the way of printing can be purchased from The STAR. All work is of the best class and quality and the prices the lowest.

Everybody's dance was held in the Elite theatre on Friday evening of last week and was fairly well attended. A local orchestra supplied the music.

The following appointments have been made in the local cadet corps: corporals, F. Gehring, H. King, and E. Mitchell; squad commanders, W. Thomas, E. Carbert and C. Davies.

COUNCIL GIVES CONSIDERATION TO PROPOSAL

Orangemen's Request For Transportation Guarantee Is Favored

BOARD OF TRADE GETS GRANT OF \$100

Other Matters Were Discussed By Councillors On Tuesday Evening

At Tuesday evening's meeting of the town council, members of the local administration expressed themselves in favor of the proposal to conduct the County Orange celebration in this town on July 12th and a committee of three, in the persons of Councillors Snyder, Gerow and Mills, was chosen to give consideration to the request made by the local Orange Lodge for a guarantee to cover the cost of necessary transportation arrangements amounting to \$874.30.

It was pointed out in the communication received from the Orangemen that this amount was demanded by the Grand Trunk Pacific railway for the running of a special train from Biggar to Wainwright and from Edmonton to Wainwright. The town council committee will consider fully whether or not the special train service will be needed from as far east as Biggar, and from as far west as Edmonton. It may be that trains from Biggar on the west and from Edmonton on the east will be sufficient to meet the requirements.

In addition to the appointment of this special committee it was moved by Councillor Snyder and seconded by Washburn that the guarantee be made for the cost of train service needed. The resolution also calls for the celebration being conducted by the Board of Trade and the committee of the L.O.L., and for the appointment of a member of the town finance committee who will work in conjunction and as a representative of the local administration.

At Tuesday evening's meeting, the council also guaranteed the Board of Trade to the extent of \$100 with which to begin its work for the year. Many other matters were considered by council, these including various amendments to town bylaws, to the consideration of accounts and their authorization for payment, to obtain plans definite street grading and sewer system, to the matter of town scales, in regard to which a change in the proposed location will be discussed at next meeting. A court of revision was also named for May 31st from 10 o'clock in the morning.

REMOVAL OF TROOPS IS EXPECTED SOON

Evidence of the early removal of troops now stationed in Edmonton was given in Wainwright this morning by the presence of a train of coaches which passed through Wainwright on their way to Edmonton. It is assumed that this train is for the special contingent of men who have been named for service in France to fill the gaps caused by the heavy Canadian casualties during the past two weeks' fighting.

New offices have been opened by H. V. Fieldhouse, barister of this town, in the premises situated immediately east of the town hall.

WAINWRIGHT ALTA., WEDNESDAY, MAY 7th, 1915

THE BOARD OF TRADE, ITS WORK FOR THE PEOPLE, THE EXPRESS- IONS OF TWO BUSINESS MEN AND THE NO ISOF DISCONTENT.

"IT'S NO USE THE TOWN COUNCIL granting money for Board of Trade work this year. The year is a quiet one and the money spent would not accomplish anything." This was an opinion heard expressed by one Wainwright man today. Here is another one: "If there ever was a pinch of dead business men, this town sure contains them. Here have I been here three years, and the town is the same now as when I came. Not a particle of work is being done toward development; not a pinch of energy is being extended to make Wainwright a better town." Certainly these opinions, both expressed by business men of Wainwright, show a diversity of ideas.

But let us consider the opinion of the man first mentioned. Would a few hundred dollars spent in Board of Trade work constitute a useless expenditure? The STAR does not think so and on the following matter-of-fact statements it has based its opinion. It can be granted that the tide of immigration is not flowing with any great strength at the present time, but can Wainwright, as a town situated in a district unexcelled, hope or expect that this tide of immigration, when it does begin to flow, will turn Wainwright's way if the people proposing to migrate do not know where the Wainwright district is situated, what the district has accomplished and what can be expected of it?

Certainly we cannot hope for people to come and settle here unless they know the possibilities the territory affords. A bargain must be struck with the people before they come. No man with the least common sense will expect another to purchase a commodity from him, unless the man who is making the purchase knows exactly what the commodity is and is assured that the article will represent the equivalent for the amount of money exchanged. It is just the same way with the settler we wish located within our confines. We cannot expect him to come to us unless we have struck a bargain. How then can we expect him if we make no bargain at all; if we do not let him know if we even exist?

The statement that this year is no year for Board of Trade work is pure "hoax", and it calls to mind how far behind the times it is that man who is satisfied to begin Wainwright's Board of Trade work. The man who has started his idea is somewhat after that held by the man, who, when the vagrant stole his horse, placed a big bolt on the door jamb to keep further intruders from his empty barn. This man had affixed the bolt when it was practically useless. It would almost form a parallel to this for the Wainwright Board of Trade to commence its campaign of work when the entry of settlers to Western Canada had begun. The Board of Trade, like the man with the bolt, would be a trifle late.

The idea of Board of Trade work being conducted only during good times is entirely wrong. It is when times are dull that the man thinks about making a move and it is to the territory offering him the most that he packs up his belongings and moves. Certainly the Wainwright businessman endeavoring to impede the progress of the Board of Trade work, does not know what Board of Trade work is, does not know what may be expected from it. He is one of those men who will rest contented in his own little cosmos, well satisfied with conditions as they are and contented even if they do become a little bit worse.

The fallacy of his ideas can be seen on every side and the most convincing proof that he is entirely wrong is given in the fact that no less than 2,200 head of live stock has been shipped into the Peace River country since the beginning of the present year. These figures give a splendid idea of the settlement and development taking place during the portion of a year which the local man says "is no year for Board of Trade work". It can be truly stated that this settlement is going on because of the dull times in the cities and furthermore BECAUSE THE PEOPLE WHO ARE ENTERING THE VAST ACRES OF THE NORTH, HAVE BEEN GIVEN THEIR INFORMATION THROUGH BOARDS OF TRADE AND LIKE ORGANIZATIONS, AND HAVE BEEN ATTRACTED BY POSSIBILITIES.

Now let us turn to the statement of that man who said: "Here have I been here three years and the town is now the same as when I came. Not a particle of work is being done toward development; not a pinch of energy is being extended to make Wainwright a better town." He is wrong too, for work has been done and work is still being done but the work at the present time ranks small, very small, for campaigns for betterment cannot be forwarded without the necessary funds. In addition to the statement before quoted, the businessmen now referred to had something to say in reference to the past work of the Wainwright Board of Trade. He believed it had not been conducted right and that it would not be conducted along beneficial lines during the present year even if a grant was made to the organization by council. He had fault to find with the personnel of its executive, because, he said, it contained real estate men who were only working on their own behalf and for the monetary gains they could make by the connection.

Even your secretary is a real estate man" he said, "and is working in the capacity of self development". In regard to this statement let the STAR state here that the constitution of the executive rested entirely with the people when they were called together to elect their officers at the last annual meeting of the board. It was at this annual meeting of the board that such men as the one now being referred to should have voiced their ideas of discontent. Instead, they keep their complaints hidden; not a word did they say at this session at which everything could have been enacted according to their desires and to the satisfaction of every ratepayer. Now they talk one with another and point out the shortcomings of the Board of Trade and complain that the secretary is a "real estate man" and that some other person carries on

another line of business. The STAR believes that the present executive, should it be given a grant asked for from the council, will do all it can to bring about the desired results. Furthermore, it feels sure that any complainant ratepayers have to make will be fully considered if submitted to this executive in writing.

And let the STAR state once again that it is the business men who control the reins of destiny of any town. They control them in Wainwright today; they will control them for all time and it will rest with them to decide whether this town is going to be bigger and better, or smaller and worse. Petty animosity one with another will never return any good. It must be laid to one side and be replaced by co-operation and goodwill. There is not a reason in the world why enmity should exist between one man and another or one organization and another when they are called on to decide matters that will bring about public good.

NOTICE

JUDICIAL SALE OF FARM PROPERTY NEAR WAINWRIGHT, ALBERTA.

Pursuant to Judgment and final order for sale there will be held by S. F. Taylor, Clerk of the Court, at the town of Wainwright, in the County of Peace, Province of Alberta, on Saturday, the 27th day of May, A.D. 1915, at the hour of one o'clock P.M., the South West quarter of Section 18, in Township 41, in Range 66 West of the 4th Meridian, A.D. 1914, subject to the reservations and conditions contained in the grant from the Crown in the existing Certificate of Title.

The vendors are informed that on this property there are 140 acres of good arable land, 20 acres hay land and 40 acres wood land. The property is watered by a good well and fenced by a two strand wire fence on popular points; 60 acres have been under cultivation; the land is situated in a well settled neighborhood; the buildings consist of a big house and a log barn 16x24, in good condition and valued at \$1500.

The property will be sold subject to a reserve bid. The terms of payment will be 10% cash on the day of the sale and the balance within 10 days thereafter without interest, or in the alternative, 10% cash on the day of the sale, half the balance to be paid to the Court within 60 days thereafter without interest, and the remaining part of the balance to be paid to the vendors by a first mortgage bearing interest at 5%.

Other terms and conditions are the standing conditions of the Supreme Court as settled by the Master in Chambers. For further particulars apply to Messrs. Giesbrecht, O'Connor & Company, Solicitors, Edmonton, Alberta.

Dated at Edmonton, this 11th day of April, A.D. 1915.

(Signed) ALEX TAYLOR, Clerk.

NOTICE

JUDICIAL SALE OF FARM PROPERTY.

Pursuant to the Judgment and Final Order for sale there will be offered for sale by Stephen F. Taylor, Auctioneer, at the Park Hotel in the Town of Wainwright, Alberta, on Saturday, the 27th day of May, 1915, at twelve o'clock noon.

The South East quarter of Section thirty-four (34) Township forty-four (44) in Range Five (5) west of the Fourth (4th) Meridian in the Province of Alberta, excepting mines and minerals subject to the reservations and conditions in the grant from the Crown or in the existing Certificate of Title.

The Vendor is informed that the farm is situated four miles from the Village of Heath, where there is a school and post office and G.T.P. railway station and is about eight miles from Wainwright, where there is an elevator.

That the soil is a good black loam on a heavy day, and the land is rolling with some small ponds or sloughs. That thirty acres of the land has been broken but has not been under cultivation for the past two seasons. The improvements are of small value.

The property will be sold subject to a Reserve Bid.

The terms of payment are 10% cash on the day of sale, and the balance as follows: Within sixty days thereafter without interest, or in the alternative the purchaser is to give a Mortgage for half of the said balance with interest at 5% per annum for five years, 10% and sufficient to be repaid yearly, and to pay the remainder of the said balance into Court within sixty days without interest.

In other respects the standing conditions of sale of the Supreme Court of Alberta as approved by the Master will govern.

Further particulars may be had from H. V. Froehner, Esq., Barrister, Wainwright, or from Messrs. Stuart & Stuart, Barristers, 124 McDougall Avenue, Edmonton.

Dated this 9th day of April, A.D. 1915.

J. I. POOLE, Clerk of the Supreme Court, Wainwright.

Synopsis of Canadian Northwest Land Regulations.

THE land of a family, or any one over 25 years of age, may homestead a quarter-section of available Dominion land in any of the Provinces of Alberta.

The homestead must appear in person at the District Office or Agency or Sub-Agency for the District. Entry by proxy may be made at the office of any Agent of Dominion Lands, but subject to certain conditions.

Dwellable residence upon and cultivation of the land in each of the years of the homestead may be within nine miles of the homestead on a farm of at least 80 acres, on certain conditions. A suitable house is required in every case, except when residence is performed in the vicinity.

In certain districts a homesteader in good standing may secure a quarter-section alongside his homestead. Price \$5 per acre.

Within 90 months residence is needed three years after receiving homestead patent; also of acre extra, and the land is subject to the same conditions as the homesteaded land, on certain conditions.

A settler who has exhausted his homestead right and cannot obtain a preemption may take a preemption homestead in certain districts. Price \$10 per acre. Dwellable house is needed in each of these years, cultivate five acres and erect a house worth \$200.

The area of cultivation is subject to reduction in case of rough, scrubby or stony land. Livestock may be submitted for cultivation under certain conditions.

The Wainwright Lodge, I.O.O.F.

NO. 45

Meets the second and fourth Monday in each month at Wainwright Hall. Visiting brethren cordially invited to attend.
A. D. Ferguson, N.O. H. W. McLeod, U.S.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights of the Dominion, in Manitoba, Saskatchewan and Alberta and the Yukon Territory, the Northwest Territories and in a portion of the province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1.00 per acre. Not more than 1000 acres will be leased to one applicant. Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights are applied for and situated.

In unworked territory the land must be surveyed by sections, or legal subdivisions of sections, and in unworked territory the tract applied for shall be staked by the applicant himself.

Each application must be accompanied by the fee of \$10 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine must be registered with the Agent with return receipts sent to the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not worked, such return shall be furnished at least once a year.

A lease will include the coal mining right only, but the lessee may be permitted to purchase the surface rights and the surface rights may be considered necessary for the working of the mine at the rate of \$10 per acre.

For full information applicants should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of the District.

W. W. COPE,
Deputy Minister of Interior.

Jarrow

"I have noticed lately in the columns of your paper some correspondence from this 'burg' and as we are naturally truthful we would like to set your readers right on some points on which they may have been misled by your correspondent 'Mutt.' We would like to see our progressive town represented by one who would give news of some importance and not take up your valuable space with such inane trifles, as, for instance, that John called on Mary on Sunday. We infer from the character of 'Mutt's' news that 'he' is a 'woman' for what man would notice such a trifling matter? Following are some items of real importance to all.

The farmers are all busy on the land and in the course of a couple of weeks the crop will be practically all in.

Albert Hughes of Turkey Ranch, is putting the finishing touches on his snug little cottage. Altkoety is on the 'qui vive' and we hope Albert will soon announce the date in order that we may help celebrate.

Virgil Anderson is quite incensed that anyone should say he had just celebrated his sixteenth birthday. He is a bachelor of many years standing and is proud of the fact.

Mr. Hanley, who has been pastor here for the past year is, we regret to learn, to be sent by conference to another field of labor.

We understand that a baseball team has been organized in 'Sunny Dale' and we would like to know why Jarrow does not support a team instead of letting his boys go north.

(Jeff)

Heath

The high winds of Thursday and Friday caused damage to the lighter land in this district.

W. S. Ford of Swift Current, Sask., is visiting relatives in Heath.

J. T. Olynsworth is busily seeding on his farm near Wainwright.

W. McLennan, who was absent from the district during the spring, has now returned to his homestead.

Edgerton

A number of band instruments arrived in Edgerton last week and practices are now being held by the band members. The first was conducted by Mr. C. Walrath on Monday night and everyone present tried hard at the scales.

Milne Bros. have commenced operations on the new office building located on Second Ave. and have already moved a large quantity of lumber to the new premises.

The school cadets and girl guides are practicing faithfully on the school grounds in order to participate in the events to be held in Wainwright in June.

HATE ONLY BRITAIN

Germany Taught That England is Arch-enemy of Nation

The following is a quotation from a series of speeches which German high school professors are delivering throughout Germany: "We know that we have no quarrel with the poor Russian soldier who is driven to the slaughter, nor with the Frenchman who goes to war against his will. Our quarrel is with the Belgian beast and with the calculating Briton who wants to destroy our land, make Germany a vessel of the land-grabbing Albion, and thence the whole world against us. Just as the planes through which the English again murders his cruisers was made at Jona, and as the cable through which runs the 'Jing' news of our enemies comes from Charlottenburg so are our enemies still more dependent on the German conscience, which will do everything to make this war the last war of the globe."

Chaplains Must go to War

It is not generally known that clergy who have accepted army chaplaincies in times of peace cannot refuse to accompany their regiments when on active service, however strong the claims of their parishes may be. The Bishop of London has been criticized for his readiness to leave his diocese for six weeks to accompany the London Rifle Brigade wherever they might be sent, but he really had no choice in the matter, having accepted the chaplaincy. If he refused to be liable to arrest and trial by court-martial.

Broodmare certificate notes and Stallion service books have just left the Star's press. They are neatly printed and in booklet form and are to be sold at the lowest possible price. If you have not yet received yours, the Star will be pleased to supply them.

CARDINAL FACTS

This is Canada's war.

What will the harvest be? Increase of knowledge means increase of production.

The first essential to the highest yield is good seed.

Not only grain growers, but breeders and all producers are making history at this juncture.

All grain intended for seed should be cleaned and graded, in order to retain only the strong kernel.

Farmers who have separate uses for their laborers have no difficulty in securing help.

If labor is scarce now, it will not be more plentiful in another year.

It is wise to encourage present employment.

Austria has declared that every acre must be utilized for production.

Wasting land is the worst form of extravagance.

Canada is many times larger in area than Belgium, but in population there is not a great deal of difference.

That is, considering Belgium is in the war, Britain is the protector of small states.

The greater the area, the more protection is needed when emergency arises.

Japanese Soldier in Canadian Regiments

Tell Nishitoka of the 9th Canadian Mounted Rifles is one of the very few Japanese in Canada who have been allowed to enlist. He was working as a bell-boy in the Empress Hotel at Swift Current, Sask., and tried to join the 2nd contingent but was turned down on account of his height, as he could boast but 5 feet 5 inches and the standard called for 5 feet 7 inches. However, he bided his time till the call came for recruits for the 3rd contingent and the standard being reduced, "Peter" as he is called, was accepted. He has an uncle who is a captain in the Japanese regular army.

Barbed Wire is Deadly
In war barbed wire is used in various ways, but its main object is man-stopping. It is interlaced with ground wires in front of trenches for the purpose of tripping charging troops; it is strung across bridges and main roads to prevent the passage of cavalry; and it is used for fencing in camps to guard against rushing tactics on the part of the enemy. Barbed wire concealed in undergrowth is particularly deadly where cavalry is concerned, for the wire grips the horse's hoofs, causing them to fall on the spike-strewn ground.

One College's Fine Record

Harrow has knowledge, according to its own magazine, of 1643 Old Harrovians who are serving or have served with the colors in the present war. Fifty-four have been killed, twenty-eight are prisoners, and 103 wounded. Fifty-four have been mentioned in despatches, three have been awarded D.S.O., and fourteen have been decorated by the French Government for valor.

Origin of Iron Cross

The Iron Cross is a Prussian military decoration. It was its inception to Frederick William III, who, in 1813, bestowed it as a reward for eminent service in the war against Napoleon. The Cross, which is of the Maltese shape, is made of iron.

Geoffrey nodded approvingly. He

slopped his arm round Marion's waist

and kissed her in a brotherly fashion.

Marion inclined towards him with

half-closed eyes and a brightened

face. Her limbs trembled, and the

color of her lips was warm and sweet.

"Dear little sister," Geoffrey mur-

mured. "What should we do without

you?"

Marion drew herself away abruptly.

She recalled her own position in the

stone balcony so that Geoffrey should

not see her unattractive, her dress

not taking a perfect picture. It was

"What would 'era say?' she asked.

"As if Vera would mind! Don't

worry about that," he said. "I don't

care. If there were no Vera, little

sister, I feel sure that you would

have been kissed by me in a different

way."

Marion laughed at the easy im-

pudence that Geoffrey had no real

love or passion for anybody but Vera.

"Or to me," she said. "I don't

care. If there were no Vera, little

sister, I feel sure that you would

have been kissed by me in a different

Miss Florence Hison of Wainwright, headed the list in the Edmonton Journal's circulation contest on Saturday last. Should Miss Hison sustain the record until the end of the contest, her efforts will be rewarded by a trip to San Francisco.

Mrs. Matthew Greer who has been confined to her bed for several days suffering from a complication of ailments, is now making progress toward recovery. She has been attended by Nurse Burley and Dr. Middlemiss.

Farmers And The Financial Aspect of The Proposed Liquor Act

When the farmers of Alberta were asked to sign the petition in the legislature asking for the passing of the liquor act, of its submission to the people, were they given an opportunity of reading the act before signing the petition, or were they told simply that they were signing for an act prohibiting the sale of liquor within the province? If the latter was the case they signed the petition under an erroneous impression. They did not sign on behalf of a prohibition act, pure and simple, but the proposed liquor act which is a very different thing from prohibition.

Will the carrying of the liquor act give any real benefit to the farmers of Alberta? No. On the contrary, it will impose many hardships, not the least serious of which would be increased taxation. Is this a time when the expenditure of the farmer can be increased? The reverse is rather the case. He would be faced, however, with the duty of helping to make up the deficit to provide for the increased provincial expenditure required to carry on the liquor act (which would be practicable for any revenue for this purpose), and with the increased demand for barley which would result in lower prices for the farmer. The farmers in Alberta were recently urged to grow more barley for export purposes, but how can they do this if the home market is crippled and there is also a smaller outside demand?

The chief thing which the farmers of Alberta will do well to consider is the effect which the passing of the liquor act would have upon their own expenditure. This they can keep right by voting against the liquor act which the temperance people have hoodwinked them into supporting under the guise of prohibition.

When farmers, too, go into the towns and villages, they use the hotel accommodation conducted under the existing liquor license ordinance. Under the proposed liquor act there would be no provision for hotels at all and their supply would be left to haphazard or the enterprise of private citizens. This would work a hardship which the promoters of the liquor act would do well to consider.

Further, no farmer could be prevented from importing liquor from other provinces for beverage purposes under the act but he would be absolutely prevented from buying liquor for medicinal purposes from a registered druggist and upon a doctor's prescription for purely medicinal purposes. In addition to paying for the liquor he would have to pay the doctor's fee which would add materially to the cost of the liquor. Even if he had alcoholic liquors in his own home, he could not administer them to a sick or injured member of his family without having received a doctor's prescription.

All these are matters which the farmer should keep in mind. In every way the effect of the proposed liquor act would be to make the farmer dig deeper into his pocket. He should carefully read over the proposed liquor act from start to finish and ascertain what benefits he would receive from it to offset its many disadvantages.

TEAM OFFICIALS ELECTED

Wainwright will have an amateur ball team this year and at a meeting held in the Star office on Wednesday evening of last week, officers were elected and other business transacted in connection with the season's program.

On the motion of J. D. Kaine, seconded by J. Brown, Geo. L. Hudson, M.L.A., was named honorary president while on the motion of Mr. Bryant, seconded by J. D. Kaine, J. B. Milne was chosen president for the year. J. D. Kaine, on the motion of Mr. G. C. Siddall, seconded by L. D. Goldsworthy, was elected manager of the team. G. C. Siddall was chosen secretary, treasurer; V. E. Graham, first vice president and W. E. Washburn, second vice president.

For the purpose of making the necessary arrangements, an executive committee was named in the following persons: Messrs. Ross, Munn, Beaudry, Snyder, W. Brown, Elder and J. Brown. This committee will meet and form itself into the various committees that will be needed. The membership fee and other financial matters will be left in the hands of this committee.

Practice nights will be held on Monday, Wednesday and Friday evenings.

Mr. Wanless of the Imperial Lumber Company, spent the week-end in Edmonton.

Sergeant Mitchell, brother of Station Agent Mitchell, Lance Corporal A. Dady and Privates H. Ward, G. Newport, Kirkpatrick, E. Evans and Dunham, are visitors in town. They all express the opinion to be removed from Edmonton at an early date.

Jerry McLeod a fireman on the G. T. P., who has been on a run out of Wainwright for the past few years, has joined D. Company. Guy Ramadan, at one time manager of the Wainwright Lumber Co., expects to join soon.

A pleasant card party was given at the home of Mr. and Mrs. H. W. McLeod on Saturday last in honor of Neville Jones, Earl Thurston and Pete Livingstone, members of the Canadian Expeditionary Force.

Thanks are extended by Mr. and Mrs. A. G. Bryce for the many kindnesses shown to them in their recent sad bereavement caused by the death of Margaret Bryce, mother of Mr. A. G. Bryce.

KODAKS
Brownies and Premos are made only by the Eastman Kodak Co. and are sold only in Wainwright by
